Middle—Withelmplatz. Will its name be changed with the passing of the Hohenzollerns? Below—The River Spree.

rather remain here and ask for another term as city judge.

There are three candidates, so it is understood, from East Tennessee, although the chances of appointment lie only between two of them. It is understood that the friends of Chief in the direct Foot Orienteern of Police W. H. Hackett-are urging his appointment. Eugene Williams, of this city, and Parks Worley of Bright are most specker of Bright are most specker of Bright are most specker. Watkins won the rank of in the first Fort Oglethorpe training camp and was detended by the control of the contr d back to San Antonio and with a new division made selective service men to be for overseas duty. This division as expected to go overseas at the present seem to be very advantage out, the proposible now that it will but anyhow, Capt. Watkins en promoted to the rank of and he will probably be sent as to assist in the reconstructors.

The commendation of Senator Shields.

Local politicians are centering their hopes in the appointment of Mr. Williams and his chances at the present seem to be very advantageous. Mr. Williams has been out of the city for several days and it is stated he has been looking after his candidacy for the East Tennessee marshalship. In the meantime all candidates are on the anxious bench.

#### CAST OF CHARACTERS

Plans Complete for Presentation of "Lion and Mouse" by Rotary Club.
The auction sale of boxes for the Rotary club's second annual dramatic event, "The Lion and the Mouse which will be presented at the Lyritheater on Dec. 7 and 8, is the best evidence, according to members of the club, that the performance to be given this year will eclipse that of "the Mai of the Hour," which played to three capacity performances. The fact the every box for all three performance has been sold at prices not less that \$100 each is a guarantee that every seat in the theater will be sold befor the curtain goes up on the opening performance.

#### **GOOD PROSPECT**

Despite Heavy Weather McCallie-T.
M. I. Battle Looks Good.
The prospect for a clean, fast game between McCallie and T. M. I. for this afternoon has been considerably marred by the appearance of nasty

weather. However, as the fracas will take place on Chamberlain field, a fair ground is anticipated. Andrews field would be almost impossible in wet weather.

T. M. I.'s eleven is considerably heavier than the average prep string

and supporters of the Ridge aggrega-tion realize that the tussle will probably be a rather tough one. An average weight of 160 pounds is claimed by the Sweetwater cadets, this being considerably in excess of McCallie's.

Besides Knoxville High and Knox-ville Central High, T. M. I. defeated Maryville college. McCallie has de-Maryville college. McCallie has de-feated Central and City High schools. The probable line-ups follow: T. M. I.— McCallie

1	Center.
Fouch	Greever
Dietz	Left guard.
	Left tackle.
Richard	Left end.
	Right guard. McCallum
Bennet	
Stoval	Right end. McKenney
Strong	Quarter, Spears
Rowlan	Left half.
The second	Right half.
McBee	Full.

## WILL GO VISITING

WILL GO VISITING

Local Shriners Plan Unique Stunt In Annual Visit to Soldier Shriners. Throughout the present year the members of Alhambra temple, Mystic Shrine, have not let a month pass without doing something of an original nature saide from their series of pligrimages and ceremonial sessions. Their latest stunt has been arranged for the evening of Tuesday, Nov. 19. on which occasion they will call on the Shriners in the various camps at Fort Oglethorpe and Chickamauga. For fear that their hosts will not be at home they have even gone so far as to post notices throughout the camps to the effect that they are coming, and request the nobility to assemble in the Warden McLean auditorium in Camp Greenleaf at 7 o'clock to receive the big delegation that will arrive at the appointed time.

The plans for the event were made at a meeting of Alhambra temple Friday evening, at which time more than fifty members present signified their intention of Joining the caravan that would assemble at the chamber of commerce on Broad street at 6:39 p.m. It is expected that at least 250 resident Nobles of the Mystic Shrine will form the party, and the Shriners in the camps claim that they will produce two members of the Shrine in the camps for every one that comes from Chattanooga. It is understood that everything will be informal, and it will be in the nature of a get-together social meeting, with a few impromptu talks to enliven the occasion. A warning has gone out to be prepared for all emergencies, and it goes without saying that a real Shrine cvening will be held.

The event is being pulled off in order that the resident Nobles can return the calls that have been made by the Nobles of the camps during the past several months. They will also make it known that arrangements have been comuleted for a vintory caramonial asset.

#### DR. WARE HERE

sin, have come to a sudden and sickening realisation that he can dictate this guarantée—Take six bottles home with you use it according to directions and if not satisfied with the results, for the United States employment service for the state of Tennessee, paid a visit to the local bureau Friday morning on a tour of inspection. The director is well pleased with the industrial outlook and predicts a period of prosperity for the next five years at least. The labor situation, he reports, is improving rapidly all over his territory. The manufacturers are all anxious to get back in the game and place their old line articles on the market after many months of nothing but war orders and government contracts. There will be jobs a plenty for everybody, is his prediction. There is now a great demand for articles which have been classed as nonesentials by the government and their manufacture curfailed or even tabooced entirely for the duration of the country the vest natural resources are practically all peace time goods.

sin, have come to a sudden and sickening realisation that he can dictate that the republicans of the next of the organization of the senate of the manufacture of the contracts. The least the republicans of the Pencontracts of fight out their differences the republicans of the Pencontracts of fight out their differences the republicans of the Pencontracts of fight out their differences the republicans of the Pencontracts of fight out their differences the republicans of the Pencontracts of fight out of the Scalar Mr. La Follette has not affiliated with the republicans of the Pencontract of the continues to stand aloof and permits the republicans of the Pencontract of the continues to stand aloof and permits the republicans of the Pencontract of the continues to stand aloof and permits the republicans of the Pencontract of the continues to stand aloof and permits the republicans of the Pencontract of the continues to stand aloof and permits the republicans of the Pencontract of the continues to stand alo

the duration of the war. In this section of the country the vast natural resources are practically untouched, and, due to the unusual demand for practically all peace time goods, the country is to flourish. country is to flourish.

Many women have gone to work in the vast munition plants of the country more as a patriotic duty than anything else. A large number of these will retire from industrial life now that the need is no longer critical. Some will remain in commercial or business fields, but this number will not be sufficient to supply the ever increasing demand for labor.

bor.

Building should soon pick up. This will, of course, require materials and an immense amount of labor of all kinds. At the local employment bureau it was stated that at least 5,000 men could be placed on work of various kinds in the state. Of this

#### STRENGTHENS KIDNEYS -PURIFIES BLOOD

PURIFIES BLOOD

You can't expect weak kidneys to keep up under the terrific strain of nature's effort to filter the acids and poisons out of the system unless they are given a little help. Don't allow your kidneys, the most overworked organs of your body, to become discased when a little attention now will, prevent it. Don't try to cheat nature. It can't be done.

As soon as you commence to have backache, feel nervous, tired or worn out without cause, GET HUSY. These are usually warnings that your kidneys are not working properly and throwing off the poisons as they should.

Do not delay a minute. Go after the cause of your aliments or you may find yourself in the grip of an incurable disease. GOLD MEDAL Haarlem Oil Capsules will give almost immediate relief from kidney troubles, which may be the unauspected cause of ill health. GOLD MEDAL Haarlem Oil Capsules will do the work. They are the pure original Haarlem Oil Capsules imported direct from the laboratories in Haarlem, Holland. Ask your druggist for GOLD MEDAL and accept no substitutes, Look for the name GOLD MEDAL on every box. Three sizes, scaled packages, Money refunded if they do not help you.—

fade.)

number about 1,500 laborers, including both skilled and unskilled, are needed in the local industrial plants.

#### RESUME WORK

Constructing of Dam No. Two a at cle Shoals has been resumed, according to C. H. Huston, who has just returned from Sheffield. A telegram was received from the chief of engineers by Maj. Matts, engineer charge of the work, Saturday morn ing, directing him to proceed with the work immediately. The work was begun where it had been left on eral months ago, by order of the fed-

eral months ago, by order of the federal labor board on Monday morning in earnest. The work was for a time suspended in order to concentrate all the available labor and material on the big government nitrate plants, one of which is practically complete and in operation, while the other has two units in operation.

The first steps in constructing the big dam across the Tennessee will be to get the material on hand and construct cantonment type quarters for the vast army of workmen which will be needed for the work. Work on the cantonment buildings, which are to house 3,000 people when completed, was begun on the site previously laid off for the purpose. To date the principal energies have been directed rather toward getting ready for the huge undertaking than on the dam itself. Several Cofferdams have already been placed into position and the work will be hastened with all possible speed to completion.

may yet be the target of revolutionists. In the fall possible speed to completion.

Dam number two is to furnish hydro-electric power for the enterprises of the government at Muscle Shoals. When completed, the hydro-electric station will have a capacity in horse power of practically double that of the Hale's Bar station. The station is to furnish secondary power, since the power produced by water is varying, dependent upon the height and consequent pressure of the water. Thus, during the high water season, it will be breaking all records in the history of the local temple. This latter event bids fair to eclipse all previous efforts, yet it will not complete the year, as still another ceremonial session has been scheduled in connection with the annual meeting, which will be held Dec. 20.

# AND DEFEATS BAYLOR

GRIDIRON RESULT UPSETS ADVANCE DOPE.

Ridge Eleven Gain by Straight Football, Smashing Way

to Goal. Is Central High "coming back?"

It looks as if she is. After meeting defeat early in the season at the hands of McCallie's eleven, the county school staged one of the biggest surprises of Chattanooga's prep football history by defeating Baylor by a score of 20 to 0. The Red and Gray, picked for a sure winner, was totally carried away by the heavier eleven from Itidgedale.

From the beginning of the game it was seen that Baylor was playing a losing hand, which she did with the exception of one or two times when Central's goal was approached.

Nonemacher came out at Central's chief warrior, his gains through the fine—enormous holes being driven by Eldridge and Petersen—being a feature of the fracas. Miller, for Baylor, also made considerable gains through line bucks, but mostly during the first half.

ing the first half. Central did not attempt any great display of headwork, it not being needed, but gained consistently by almost any kind of play. A right shift, which has been used by the Purple and Gold for many seasons. proved a consistent ground-gainer. Baylor's hope for the game was Baylor's hope for the game was built for a large part on speed and this could not be developed on the high grass of Andrews field, where the fracas was held. Even if her speedy ones could have gotten up the steam hoped for, it is doubtful if the result would have been dif-
